

Use Sticky Products to Market Your College/University

Show School Pride

Colleges and Universities have a lot of pride and love to share their colors! Floor Decals are a great way to show off team colors whether it be on the gym floor, hall way, lecture hall or even outside on campus. Ask about our Street Decals which work perfectly on pavement.

Event Handouts & Giveaways

Does your school have Hackathons or Case Study Competitions? Custom Die-Cut Singles are perfect for student laptops, lockers or monitors. Waterproof and outdoor durable, they're great for giveaways at Frosh Week, election campaigns or other student organized events.

Promote Your School

Bumper Stickers and Vinyl Graphics are another great way to market your school to the world. Create your own custom messaging on White Vinyl Stickers with a glossy or matte finish. Vinyl Graphics are customizable and can be printed as large as 45 x 45 inches.

Label Team Gear

Custom Stickers and Labels for sporting equipment are an absolute must for all College and University teams. Removable White Vinyl Stickers can be removed easily without leaving any residue behind, making them easy to replace if equipment starts getting scratched.
